

## **Debt Held by the Public under Two Policy Simulations**

Source: GAO and GAO analysis of Congressional Budget Office data.

Notes: Data for the simulations are from GAO's 2021 simulations. Read more below about the analyses we did with different assumptions. Both of GAO's simulations assume that Social Security and Disability benefits are paid in full regardless of the current projections of revenues into the Old-Age and Survivors Insurance and Disability Insurance trust funds. Read about the assumptions underlying these simulations.
